

City Bloom Landscaping Crew Foreman March 2018

This is a full-time year-round position for an individual with broad landscaping knowledge, the ability to supervise and provide ongoing training for crew members.

We are looking for a specialist in the landscaping industry who wants to apply their extensive experience to impact society. We are committed to delivering exceptional landscaping quality which satisfies our customers and betters the community. Our workforce consists of individuals who strive for excellence in their jobs. Our parent company, **Greater Newark Conservancy** is committed to hiring the most talented and diverse workforce to help fulfill our mission. We offer a competitive salary and benefits package. **Greater Newark Conservancy** and City Bloom Landscaping are equal opportunity, affirmative action employers.

Purpose: Supervise and train workers to complete a variety of landscaping jobs on schedule and on budget

Reports to: Business and Operations Manager, City Bloom Landscaping

City Bloom Landscaping is seeking a landscape foreman to oversee landscaping projects, as well as routine maintenance jobs such as lawn care and watering. This position will manage the creation of landscape features, such as flowerbeds, or supervise the installation of brick walkways, concrete sidewalks or other hardscaping projects. The foreman's primary function is supervisory but it will be necessary to work alongside the crew to provide ongoing training to complete projects on time and on budget.

Skills:

Experience working with all aspects of landscaping
Must be able to operate heavy equipment
Knowledge of plants, shrubs and trees common to the region

Qualifications:

Associate degree in horticulture or equivalent experience
Must have clean driving record
Prior supervisory experience is required

Position available immediately. Please forward cover letter and resume to rdougherty@citybloom.org
Salary \$45,000 plus health insurance and paid vacation.
